

## The Millennium School

**Location:** Al Ghusais, Dubai, United Arab Emirates

**Type:** CBSE Day Boarding school

## Helping students in Dubai to develop strong English literacy skills

“ LiteracyPlanet helps us to track progress and lock certain tasks to make sure they are completed by students. ”

Famida Choudhary  
Innovation Leader

The Millennium School, with classes for boys and girls from Kindergarten to Grade 12 is affiliated to the Central Board of Secondary Education, New Delhi, India. The school follows the Emilia Reggio curriculum in Kindergarten, CBSE - curriculum in the grades 1 to 12.

### Why did the school choose LiteracyPlanet?

The Millennium School has embedded in it an entire system where students are involved in eLearning and extensive use of digital resources.

Literacy Planet is an interactive medium for all types of learners and focusing on key pillars of English Language i.e. grammar,

phonics, comprehension, writing and spelling.

The fit seemed perfect, and the results speak for themselves. Dedicated staff, engaged students and a product that is not only educational, but fun as well.

# How the school uses LiteracyPlanet

The staff of The Millennium School use LiteracyPlanet for differentiated tasks as students are able to attempt a particular topic according to their needs. Students enhance and learn their spelling by creating a word list and learn in a fun way. The running records for reading has helped students identify their reading age and improve their reading skills. The Word Mania program has enhanced the student's vocabularies and many were awarded for their excellent work.

It has helped their SEND students extensively as the reading passages which accompany the programs text has an audio component and an interactive way of improving reading skills. Clarifying grammar topics with accurate information enables a better understanding amongst students. With a detailed record on students' performance helping to keep track of their progress.

“ **Creating their word list and then learning it through games. Word Mania was a great success, students enjoyed it** ”

Famida Choudhary  
Innovation Leader

It was important to staff that they be able to log-in as students to understand their experience. The complete control by the locking system where the teacher can control what the students access allow for end-to-end progress and assessment.
